ANS-332 AMSAT News Service Special Bulletin

AMSAT News Service Special Bulletin 332.01

From AMSAT HQ KENSINGTON, MD

DATE November 28, 2018

To All RADIO AMATEURS

BID: \$ANS-332.01

SpaceX has announced that the SS0-A: Smallsat Express mission, previously scheduled for November 28th, has been postponed due to extreme high-altitude winds at Vandenberg Air Force Base. A new launch date will be announced once coordinated with the range.

The SS0-A mission will carry several amateur radio satellites, including AMSAT's Fox-1Cliff, FUNcube on ESE0, JY1-SAT, K2SAT, and ExseedSat.

The launch window each day opens at 18:31:47 UTC and extends for approximately 30 minutes.

[ANS thanks SpaceX and AMSAT for the above information]

+++++
For a limited time, new and renewing AMSAT members

will receive a free digital copy of

"Getting Started with Amateur Satellites"

Join or renew your AMSAT membership today at
